Directory of Associate Members

NCWM Publication 9

This directory contains a listing of all Associate Members of the National Conference on Weights and Measures. It is for the use of the National Conference on Weights and Measures as a telephone and address directory. Associate Members of the National Conference on Weights and Measures are representatives of manufacturers, industry, business, consumers, and State and local government agencies (that are not weights and measures regulatory agencies).

The names, addresses, and phone numbers in this directory have been verified with each member. However, due to reorganizations, retirements, and position changes implemented after this printing, some information may no longer be current. If you are aware of a change, deletion, or addition, please send updated information to:

Ann Heffernan-Turner
National Conference on Weights and Measures
P.O. Box 4025
Gaithersburg, MD 20885
301-975-4012

Membership in the National Conference on Weights and Measures is $35.00 per year or part thereof. The membership year begins July 1 and ends June 30. Members will automatically receive the next edition of Handbooks 44, 130, 133, newsletters, and announcements and reports of all Conference activities. For the convenience of anyone wishing to become a member, an application is provided in the back of this publication.

The National Institute of Standards and Technology has a statutory responsibility for "cooperation with the States in securing uniformity of weights and measures laws and methods of inspection." In partial fulfillment of this responsibility, the Institute is pleased to publish this document for the National Conference.
